FOR IMMEDIATE RELEASE

## GO FEDERAL CREDIT UNION PARTNERS UP TO OFFER CAR SALE TO MEMBERS

*Strategic partnerships enables the three-day car sale, which runs from March 21st-23rd.*

**Dallas, TX, March 1, 2019** - GO Federal Credit Union, a Dallas credit union, announced a partnership with both D&M Leasing and Dallas Lease Returns to offer a three-day car sale, designed for a one-stop car shopping experience. GO Federal Credit Union's President & CEO, Bert Beal, believes that this unique partnership furthers the credit union's goal of offering a convenient experience for existing and potential members.

"So many members complain about the car buying experience," says Beal. "We've brought together every step of the process so that our members can access the showroom, the sales staff and the financing department in one easy location. This allows members to focus on finding the right car for them."

Selection for this sale is to remain limited, at just over 300 vehicles, with inventory available to view in advance on [www.dallasleasereturns.com](http://www.dallasleasereturns.com). In addition to a complete showroom and sales team, GO Federal Credit Union staff members will be on hand to make the financing process easy. Able to offer immediate approval on auto loans, the credit union from Dallas will aim to add transparency to the auto loan financing process.

"One of our commitments is to make banking a consumer-friendly and focused experience," says Beal. "Buying or leasing a car is a decision that affects our members' everyday lives. Members can even go through a pre-approval process in advance of the sale, with competitive car loan rates for the Dallas area, making the day of decision all about the car."

The sale runs from March 21st to 23rd at the Dallas Lease Returns location, at 14335 Inwood Road.
